OAKLAND COLLEGE SCHOOL!

IN this school the patron has the choice of several departments of instruction, all well graded.

THE JUNIOR DEPARTMENT
Is especially qualified to meet the wants of young boys.

THE SENIOR ENGLISH
Affords a thorough course of instruction in Elementary English Branches, Theoretical and Practical Business, the Practical Sciences and Art.

THE SENIOR CLASSICAL
Is designed for those who intend to prepare for a Collegiate Course—furnishing the Preparatory Department of the College of California.—The Modern Languages receive especial attention.

For Catalogues or further information, address
I. H BRAYTON, Principal,
Aug. 10-tf Oakland, Cal.

PACIFIC
BUSINESS COLLEGE,
MECHANIC'S INSTITUTE.
POST STREET, Between Montgomery & Kerney
SAN FRANCISCO,

The importance of a thorough and practical business training for those who contemplate entering the mercantile profession, is too well known to require much comment. Without such knowledge, the young merchant will become involved in many embarrassments which might otherwise be avoided. The youthful aspirant will find himself surrounded by inextricable difficulties, both in seeking a situation, and in the discharge of its duties after employment is obtained. To have received instruction at a mercantile college, endorsed by the leading merchants of the city, is more effective in winning the favor and confidence of a business firm, than all the letters of introduction which friends can give. The

Pacific Business College
maintains a reputation for thoroughness and systematic training, far surpassing that of any other similar institution on the Pacific coast. Most of the leading merchants of this city have employed graduates from this College, and bear testimony to the practical efficiency of the course here prescribed. The system of actual practice embraces all the varied operations of real business. A Ladies' Department has lately been added to this popular institute. This spirit of enterprise cannot fail to draw forth the well-wishes of the public.

Address for all information,
VINSONHALER & DE LAGUNA,

A CARD

We the undersigned, merchants and business men of San Francisco, California, are at the present time, employing men who have completed the prescribed course of study at the Pacific Business College, and we take pleasure in stating that we have found them well posted in accountantship and the general principles of business, showing conclusively that they have been subjected to a thorough drill in those important matters, by experienced and competant instructors.

We cheerfully recommend the College as being in our opinion, an institution of intrinsic merit, and well worthy of the confidence and support of the community.

RAILROAD AND STAGES.

CENTRAL PACIFIC RAILROAD.

WINTER ARRANGEMENT.

ON and after Monday, Nov. 11, until further notice, the trains of the Central Pacific Railroad will run as follows:

GOING EAST:

Passenger trains will leave Sacramento at 6:30 A. M., arrive at Cisco at 12 M. Accommodation and Way Freight Train at 2:30 P. M.; arrive at Colfax at 9 P. M.

GOING WEST:

Passenger trains leave Cisco at 6:45 A. M., arriving at Sacramento at 12:42 P. M. Accommodation and Way Freight train leaves Colfax at 6:10 A M., arriving at Sacramento at 1:16 P. M.

Through Freight trains to and from Cisco

The morning Passenger Trains connect at Auburn with stages for Yankee Jims, Forest Hill Michigan Bluffs, Greenwood and Georgetown; and at Colfax with stages for Grass Valley, Nevada San Juan, Camptonville, Forest City, Downieville and Iowa Hill; and at Dutch Flst with stages for Little York, You Bet, Red Dog and Nevada, and at Cisco with stages for Summit City, Austin, Virginia City, and all points in the State of Nevada.

The 6:30 A. M. up train connects at the Junction with the cars of the California Central Rail road for Lincoln and Marysville and all points north.

All trains run daily, Sundays excepted.
C. CROCKER, Superintendent.

This Company is now ready to to issue all kinds of **Life and Endowment Policies**, upon more favorable terms than can be offered by any other first class **Mutual Life Insurance Company** doing busines on this coast.

REASONS FOR INSURING IN
THE PACIFIC
MUTUAL LIFE INSURANCE COMPANY
OF CALIFORNIA.

First—The rates of interest are larger here than in the Eastern States or Europe, consequently the Profits and Dividends accruing to the Insured will be proportionately increased.

Second—All Policies issued by this Company and the proceeds thereof are exempt from Execution by the Laws of California—The Only State in the Union that provides for this Exemption.

Third—Policies issued by this Company are Non-Forcitable, and all profits are divided among the insured.

Policies will be made payable in Gold or Currency, as the applicant may elect to pay his premiums.

SCHREIBER & HOWELL,
GENERAL AGENTS.
Office—37 and 39 Second street.

Agent at Gold Run,
S WARDNER.
Agent at Dutch Flat,
J. F. GREELEY.
[f6 1y]

NOTICE.

THOSE INDEBTED TO THE undersigned are requested to make immediate payment, and those having claims against him will present them for settlement.
April 25, 1868. F. GROHS.

A WISH.

I ask not that my bed of death
From hands of greedy heirs be free;
For these besiege the latest breath
Of fortune's favored sons, not me.

I ask not each kind soul to keep
Tearless when of my death he hears;
Let those who will, weep!
There are worse plagues on earth than tears.

I ask that but death can find
The freedom to my life penied;
Ask but the folly of mankind,
Then then at last, to quite my side.

Spare me the whispering, crowded room,
The friends who come, and gap and go;
The ceremonious air of gloom—
All that makes death a hideous show!

Nor bring, to see me cease to live,
Some doctor full of phase and fame,
To shake his sapine head and give
The ill he cannot cure a name.

Nor fetch to take the accustomed toil
Of the poor sinner bound for death,
His brother doctor of the soul,
To canvass with the official breath.

The future and its viewless things—
That undiscovered mystery
With one who feels death's winnowing wings
Must needs read clearer, sure than he!

Bring none of these; but let me be,
While around in silence lies,
Moved to the window near, and see
Once more before my dying eyes.

Bathed in the sacred dews of morn,
The wide aerial landscape spread—
The world which was ere I was born,
The world which lasts when I am dead.

Which never was the friend of ONE,
Nor promised love it could not give,
But lit for all its generous sun,
And lived itself, and made us live,

Then let me gaze, till I become
In soul with what I gaze on, wed!
To feel the universe my home;
To have before my mind—instead,

Of the sick room, the immortal strife,
The turmoil for a little breath—
The pure eternal course of life,
Not human combstings with death.

Thus feeling, gazing let me grow
Composed, refreshed, ennobled, clear;
Then willing, let my spirit go
To wait or work elsewhere or here!
—*Mathew Arnold.*

OUR COUNTY.

[From the Santa Barbara Post, May 30th.]

As a journalist we conceive it to be our duty, in the first number of the *Post*, to speak of the various and manifold resources of the County of Santa Barbara—with a view of making known to strangers and such other persons as are now looking for eligible places wherein to settle—the advantages presented by this locality: Blessed with a climate unsurpassed in point of mildness and geniality, it is at once the seat of health and the hope of the invalid, free from the wintry blasts that make other sections of the coast most disagreeable it is also exempt from the torrid heats so repressive to energy and enterprise in all southern climes. The thermometer is rarely below 65 in winter, and in mid-summer is seldom above 85, and always tempered with a sea breeze so exhilarating in its character that it seems to give new life and vigor to the exhausted frame. The county is comprised of a narrow strip of land of the average width of eight miles being between the mountains and the sea, and is about one hundred and fifty miles long, situated between the parallels of 34 north and 36 south latitude, and boasting of as large a variety of the productions of nature as can be found in the same limited scope anywhere on the Pacific coast. It has a population numbering upwards of five thousand, and its assessable property as taken from the books is valued at nearly two million dollars. There are schools and churches in almost every district of the county which is a point worthy of consideration in the mind of any person looking up an eligible settlement for a home. there are several large towns situated upon the sea-board and two or three good harbors for small crafts; thus offering abundant facilities to the farmer for the shipping of produce to market, an advantage not to be underestimated by any on engaged in agriculture. The County Seat is located at the town of Santa Barbara, and is a place of some pretensions. It is situated in a beautiful valley surrounded on three sides by lofty ranges of hills and fronting on the sea; it is possessed of a deep and noble harbor, and in early times, before the advent of the Americans, was a place boasting of large foreign commerce—chiefly hides and tallow. It is within thirty hours sailing distance of San Francisco and we have communication with the metropolis once a week. There is also a daily line of stages passing through the town and county, carrying the mail, thus affording us an opportunity of knowing what is going on in the outside world, and at the same time enabling us to communicate with the "rest of mankind."

For the benefit of invalids, we will mention that there is situated about four miles from the town of Santa Barbara, some of the best sulphur springs as yet discovered in the State; with a temperature averaging from 60 to 130 F. Their waters are infallible cure for rheumatism, and will richly repay those whose health require recuperation, for the time spent there. Here the generous soil returns most liberally the labors of the husbandman. The average yield being about forty bushels of wheat to the acre, corn and barley producing in like proportion; and while we yield to no other section in our capacity to produce the cerals, we are able to make a rich display in the fruits of the tropical regions. The fragrance of the orange, lemon and lime may be inhaled with the evening air; English walnuts, olives, almonds, the luscious grape and fig gladden the eye of the visitor, apples, peaches, cherries and strawberries remind us of our early homes, while peanuts, the castor bean and every variety of vegetable flourish and do well. All these have been cultivated successfully, proving beyond a doubt that with capital and enterprise this county may be made the richest and most agreeable spot for a home inside the boundary lines of California. Lands are plenty and cheap, with a charactear of soil not surpassed in any other part of the State and to be had, in accordance with the locality wherein they they are situated, from $1 to $20. They are mostly owned by parties who have derived their titles from Mexican grants and are eager to divide them up into small farms, to suit purchasers, for the purpose of inviting settlers in their midst—thus hoping to encourage immigration to this section of the State. There is also some Government land as yet unoccupied, but as we have had no time to examine the map and charts of the county we cannot speak positively as to the quantity open for settlement. The wealth of this county at present is mostly composed of flocks and herds, und it may be truly said that until this season little or no farming, in the Amercian sense of the term, has been attempted in this region. The fact was well established long years ago by the "Fathers" who had control of the "Missions" of this county, that cerals would do remarkably well, but the native Californians were content to devote their time to the care of sheep and cattle, a business that required little labor and no skill, rather than engage in a new occupation demanding knowledge, industry and capital, as well as some acquaintance with foreign markets in order to make it profitable. The high character that California wheat has attained abroad during the last two years has had the effect of turning the attention of the public mind to the agricultural resources of the State, and before the next decade has passed we will see many foreign ships touching at the various ports of the coast filling up with cargoes of this staple. The experience of the past proves that the "golden sheaves" of this favored land will in a little while rival in point of riches even the "golden bars" that have for so long a period challenged the wonder of the commercial world. To persons looking for a suitable location with the purpose of settling down upon a permanent home, we would say in all earnestness, turn your attention to the county of Santa Barbara. The new road that is projected and is now being constructed will, when finished, throw open a vast section of country hitherto but little known, which will prove suitable for occupation. Many thousands of acres of the very finest quality of lands are know to exist upon the projected route, that in the course of time will be made to bloom like a rose garden under the influence of the energy and industry of our farmers. The new road will also shorten the distance between San Luis Obispo and this place nearly thirty miles, and is a most proper step in the right direction to open up a communication between the Tulare valley and the sea coast, making the town of Santa Barbara its terminus. It is also proposed that a combined and vigorous effort be made by our whole community to induce the "Panama steamers" to stop at this point on their return trips to California. Could this object be effected, the advantages resulting from it would be immense. There are now coming to these shores from the Atlantic side four or five thousand emigrants every month, and it would be safe to say that if the steamers touched at this town, one-fourth of that number would settle in our midst. This is a proposition worthy of profound consideration to the large landed proprietors of this county, and of equally as great interest to the owners of property and business men of the town of Santa Barbara. Again, we would repeat ere we conclude this article, to all who are now looking for a place to settle, turn towards the county of Santa Barbara. We have lands plenty cheap; soil unequaled, yielding everything produced in the tropical and temperate zones, and a climate incomparable; the very cradle of health; gushings springs of chemical waters to cheer the invalid. Nothing is wanting but an industrious and thrifty population; with it, this region will be what Nature intended it, the Paradise of the Pacific shores.

TERRIBLE RESULT OF INTOXICATION.—One of the most shocking tragedies that has occurred in this city for many years, says the San Francisco *Call* of the 31st ult., transpired yesterday morning between nine and ten o'clock, in Baldwin Court, a small alley running off Folsom street, between Main and Fremont. It appears that a man named Charles O'Niell was married to a second wife, Anne by name, and that for some time they had been living very unhappily together, and that some few months since they agreed to seperate. In order to carry out this arrangement, he sold a piece of property, and divided the proceeds between them, and he took his departure for New York, taking his eldest boy with him. He returned on the Nebraska day before yesterday, and then went back to the house where his wife was residing. That night they had a violent quarrel about the money that had been divided, which was renewed yesterday morning. It is said that at the time both were under the influence of liquor. From words they came to blows, and he struck her a severe blow, which knocked her down and cut her head pretty severely. She got up again and commenced to scuffle with her husband, and at the same time backed out on the balcony in front of the house. Witnesses say that there O'Niell gave her a push which caused her to fall over the railing and strike head foremost on the pavement below, a distance of twelve feet.—Parties ran to her assistance, but their efforts were of no avail, for the unfortunate woman was dead. When she was picked up and carried into the house again, blood began to flow from her ears, eyes, and mouth. It is supposed that her neck was broken by the fall. In the meantime, O'Niell's little boy ran to the Chief's Office and related what transpired. Captain Lees went down to the place, arrested O'Niell, and charged him with the murder of his wife. The body of the woman was taken to Mullin's dead-house, where an inquest will be held on Tuesday night. O'Niell denies the facts related, and says the first news of death of his wife was when a neighbor came in and informed him.

AMERICAN ARTIFICIAL BABIES.—Timothee Trimm, of *Le Petit Journal*, Paris, has learned that in the United States there is a large manufactory of infants-ar-tificial babies, of course—which act in the most natural manner possible, when properly handled.

The object of this is singular—they are sold to travelers. Armed with an infant, one is admitted to first-class cars and ladies' saloons. If any doubt should exist on the part of inquisitive wretches, a string is pulled, and the dear little baby sends forth a piercing yell. The tariff of prices is as follows:

Common traveling infants, yielding intermittent cries of fear, and capable of being put into the pocket, $2 50.

Second class, crying not too loudly, but lamentably and insupportably, $5.

Third class, full squaller, with a very piercing and aggravating voice of five octaves, $10.

The same, arranged as a prompt repeater, $12.

Fifth class, first quality, capable of continued squalling, $15.

Apropos of this great invention, "Timothee" recalls all the ducks and artificial chess players from Droz to Houdin. His best story is as follows:

"When they played the 'Cleopatra of Marmontel,' it was remembered that the beautiful Queen of Egypt killed herself with a serpent.

"So Vaucanson made an automaton asp, and the reptile before being applied to the breast of the Queen, hissed in the most terrific manner. But the tragedy was trash, not withstanding."

"What do you think of the piece?" inquired a spectator of his friend.

"Ma foi!" replied the other; "I think as the snake does."

The snake was the first to hiss.

A PIOUS little boy of four years was saying his prayers not long ago, when his little sister, of about five, came slowly behind him and pulled his hair. Without moving his head, he paused, and said: "Lord, please excuse me a minute, while I bust Sal in the snoot!"

"KISSING a factory girl is a mill privilege." Yes, when she is a satis-factory girl.

WHY MEN LIKE TO DRINK.

The following article from the pen of Horace Greeley, we copy from the New York *Herald of Health*.

The Greek root of the word "intoxicate" means poison. Whoever says a man is intoxicated says he is poisoned. And it is true. Give a part of a glass of ordinary spirits to a child three or four years old, and the child is in twenty minutes in a congestive fit, and probably dies. It operates precisely like strychnine, arsenic, or any other deadly drug. Commence by giving a child a thimbleful at a time, and gradually increase the amount, and you may indurate him so that he will swallow as much at a time as would kill him at first. You may begin with any other poison, and do the same thing. Our physical framework is constructed with reference to this, to enable it to stand a large amount of any deadly substance. There is nothing peculiar in this action of alchol. There is nothing in this but the universal law that all poisons destroy the susceptibility of the human frame. Why does a man like to drink liquor. It goes to his stomach. Now, there is not a single human stomach, nor that of animal ever created on this earth, that ever did or can digest a drop of alcohol. The moment it falls into the stomach, every vital organ recognizes the presence of a deadly enemy. It is precisely as if a lion was thrown into a cage of tigers, and every tiger were to recognize the lion as his deadly enemy. The stomach cannot digest it, and it cannot remain. All the organs assist in throwing it off, and that great struggle of every vital organ to rid the stomach of this poison is the very thing which the perverted senses recognize as exhilaration. If a man standing on the moon could have a telescope of sufficient power to enable him to view objects on the earth, and could have looked upon us during the late civil war, and have seen dimly through the glass, the movements of immense bodies of men, he would have said: "This nation has an immense population; there is a great outpouring of the people; this nation is in a state of extraordinary prosperity." Precisely so the man's sensorial, the point where the nerves of sense concentrate, recognizes in this desperate effort of the vital organs to get rid of an enemy, a sense of strength and exhilaration in place of the languor and feebleness he felt just before. But in a little while, when nature has by all her efforts, disposed of this poison, the man sinks down to his former condition and a great deal below it. Nature has made her superior struggle; she has got rid of her poison; but she has tired herself in the effort. The next time Nature makes the same struggle but she has not the same strength. The second glass does not make the man feel so good. The more a man drinks the more he has to drink to attain a certain condition. He has to take more and more. Nature turns constantly to rid herself of it, but bye and bye becomes tired out and gives it up. There are men who are not very perceptibly affected by liquor. It does not hurt them, they say. But it does hurt them. I never knew a man who drank a good deal without becoming intoxicated, whom liquor did not kill fast. And for physiological reasons. If a man will take poison, it is better to get rid of it than keep it in the system. Drunkeness is one of God's infinite mercies, sent to help poor, mistaken human beings to get rid of the consequences of their iniquity. What we do depends largely upon what we are able to do. It is not easy to fly in the face of public opinion. Laws will, after all, be mainly a reflection of the moral condition of the people; They will always be a little better, but not much better. If you should say that no one in the country should do a bad thing, it would be useless, because human nature, in the development to which we have reached, would not sustain such a law. Public sentiment is advancing. It does not allow men to make a parade of vices which were once tolerated. The time will come when men will not be licensed to sell alcoholic liquors, when grog shops will be where gambling houses now are, out of sight.

GIRLS—A COMPOSITION BY A VERY SMALL BOY.—I don't like girls. Girls is different from what boys is. Girls don't play marbles and also girls don't play hooky. I played hooky once and got whipped for it. Girls sometimes get whipped, but not so much as boys; their clothes ain't so well suited for it, that is the reason I suppose. I never see no girls play base ball, but they say they do in Boston. There is plenty of girls in the city of Boston, and big organs. Last year when I was young the teacher made me set with the girls because I was naughty. I cried. Big boys like girls better than little boys. I went on a sleigh ride with my sister Nancy and Tom Sykes. We were going to New Hartford, and when we got up by Pegg's tavern, Tom asked me to look in the bottom of the sleigh for his whip; while I was looking he fired off a torpedo. I asked him if he had any more torpedoes he said "No" but he fired off another when I wasn't looking. Girls don't like to have men kiss them. They always say "don't." If they was not fools they would turn their heads the other way, but they never do that. I saw Tom kiss Nancy once, and I went and told mother. Then my mother put me to bed. When the girl takes out her handkerchief in the street to wipe her nose, the young men who earn their living by standing in front of the Pine block, always wipe their noses at the same if they see her. Girls get married sometimes but not always. Those that don't get married don't want to. When they get married they have wedding cake. I like wedding cake but I don't see any fun in getting married—especially to a girl.

TRAIN makes the following answer to the story that he once lost a pile of money on a horse race at Jerome Park, and then proposed to bet several thousand dollars that he was the biggest fool in New York:

"Not bad, that. I can enjoy a good thing when it is done as this is. 'A crab is a little *red animal* that walks *backward*' 'True,' said Cuvier, 'only it is not an animal. It is'nt red, and it don't walk backwards.' I never was at Jerome Park. I never bet on a horse race. Yet I am up. I have often stated that civilized nations were macadamized with fools, and that I was bound to be a chief among them. It seems even the radicals now admit my ledership."

CHARLES to the altered the lovely Jane, and to her father's house returned again, where, to convey them on their wedding tour already stood a brilliant coach and four. When, lo! the gathering showers at once descended, clouds and warring winds contended; this moves him not, but in he hands his bride, and seats himself enraptured by her side; when thus, to cheer the fair one, he began: "I hope we soon shall have a little sun." But she, to whom the weather gave no pain, who heeded not the blast nor pattering rain, but most about her future state bethought her, replied: "My dear, I'd rather have a daughter."

LEAP-Year balls are common in the East.

THE BIRTH OF A MOUATAIN.—In 1538 a new mountain was suddenly thrown up in the Phelgræan Fields, a district including within its bounds Pozzuoli, Lake Avernus, and the Solfatara. The new mountain was thrown up near the shores of the bay of Baiæe. It is 400 feet above the level of the bay, and its base is about a mile and a half in circumference. The depth of the crater is 421 feet, so that its bottom is only six yards above the level of the bay. The spot on which the mountain was thrown up was formerly occupied by the Lucrine Lake! but the outburst filled up the greater part of the lake, leaving only a small shallow pool. The accounts which have reached us of the formation of this new mountain are not without interest. Falconi who wrote in 1538, writes that several earthquakes took place duing the two years preceding the outburst, and above twenty shocks on the day and night before the eruption. "The eruption began on September 29, 1538. It was on Sunday, about one o'clock in the night, when flames of fire were seen between the hot-baths and Triperogola. In a short time fire increased to such a degree that it burst upon the earth in this place, and threw up a quantity of ashes and pumic-stones, mixed with water, which covered the whole country. The next morning the poor inhabitants of Pozzuoli quitted their habitations in terror, covered with the muddy and black shower, which continued the whole day in that country—flying from death, but with death painted in their countenances. Some with their children in their arms, some with sacks full of their goods; others leading an ass loaded with their frightened family, toward Naples. The sea had retired on the side of Baiæ, abandoning a considerable tract; and the shore appeared almost entirely dry, from the quantity of ashes and broken pumice-stone thrown up by the eruption." Pietro Giacomo di Toledo gives us some account of the phenomena which preceded the eruption: "That plain which lies between Lake Avernus, the Monte Barbaro and the sea, was raised a little, and many cracks were made in it, from some of which water issued; at the same time the sea immediately adjoining the plain dried up about two hundred paces, so that the fish were left on the sand a prey to the inhabitants of Pazzuoli. At last, on the 29th of September, about two o'clock in the night, the earth opened near the lake, and disclosed a horrid mouth, from which were vomited furiously smoke, fire, stones and mud, composed of ashes, making at the time of the opening a noise like the loudest thunder. The stones which followed were by the flames coverted to pumice, and some of these were larger than an ox. The stones went about as high as a cross-bow will carry, and then fell down, sometimes on the edge and sometimes into the mouth itself. The mud was of the color of ashes, and at first very liquid, then by degrees less so; and in such quantities that in less than twelve hours, with the help of the above-mentioned stones, a mountain was raised of 1,000 paces in hight. Not only Pozzuoli and the neighboring country were filled with this mud, but the city of Napels also; so that many of its palaces were defaced by it. This eruption lasted two nights and two days without intermission, though not always with the same force; the third day the eruption ceased, and I went up with many people to the top of the new hill and saw down into its mouth, which was a round cavity about a quarter of a mile in circumference, in the middle of which the stones which had fallen were boiling up just as a cauldron of water boils on a fire. The fourth day it began to throw up again, and the seventh day much more, but still with less violence than the first night. At this time many persons who were on the hill were knocked down by the stones and killed, or smothered with the smoke.—*From "Vesuvius," in the Cornhill Magazine.*

SCORPION EATERS IN ALGIERS.—Our party to witness the exhibition consisted of some twenty Englishmen, and among them a few ladies. After a long walk through the old town of Algiers, we were shown into a Moorish house, in the quadrangle of which, open to the sky, were a number of Arabs seated on the floor in the center, singing, as to their nature; a most monotonous chant, to the accompaniment of a big drum. In a balcony above, and looking down into the court, were the Moorish women, most of them entirely vailed, with the exception of their lustrous black eyes, which flashed into unusual brilliancy in the light of the numerous flambeaux with which the court was illuminated. The effect was remarkable and not easily to be forgotten.

The faces of the Arabs, some of them magnificent-looking men and excited by the music, the lights, the delicately carved marble pilasters supporting the gallery, and over all the star studded, dark blue sky, forming an impressive contrast to the noise and tumult beneath, made an extraordinary picture which no canvass could accurately convey to the mind. Presently, with a howl like a wild beast, a man rushed forward and, standing over a pot of incense, commenced to sway his body in unison with the music. Gradually, to all appearance, becoming more and more excited, he at last rushed at one of his companions, and seized about half a window-pane of glass from him, proceeded to eat it with great relish, crunching it between his teeth, and evidently swallowing the whole. Then another rushed forward, gesticulating furiously, and insisted on swallowing a dozen good sized pebbles.

But perhaps the most extraordinary performance was that of a man who held, for nearly a minute between his teeth, a bar of red hot iron—so hot that one felt its heat at a considerable distance. He afterward cooled his mouth by eating some prickly cactus, which, as it grows out into pins and needles of approved pattern, must be a delicious food. Another Arab, after allowing a scorpion to hang by its tail to his hand and face, ate it distinctly and positively, and appeared in no way the worse. The sting may probably have been extracted. I examined for myself the stones, glass and scorpions, and there is no doubt in my mind that they were all actually swallowed, as I was within a foot or two of the performers. The Arab outsiders looked on, deeply impressed by the heavily religious nature of the ceremony. Dancing and howling dervishes I have seen frequently, but no entertainment of the sort ever impressed me less with the idea of religion or more with that of fanaticism than that of the St. Vitus-like dance and demoniac howls of those true professors of Mohammedanism.—*Land and Water.*

QUESTION FOR LAWYERS.—Suppose a man owns a skiff; he fastens the skiff to the shore with a rope made of straw; along comes a cow; cow gets into the boat; turns around and eats the rope, the skiff thus let loose with the cow on board, starts down the stream, and on its passage is upset; the cow is drowned. Now, has the man that owns the cow got to pay for the boat, or the man that owns the boat got to pay for the cow?

DUTCH FLAT ENQUIRER.

SATURDAY, JUNE 13, 1868.

TO PRINTERS.

THE undersigned being about to engage in business elsewhere offers the material upon which the ENQUIRER is printed at a bargain, together with one of the best Job Offices in the State, consisting of

A LARGE ASSORTMENT

of the latest style of

PLAIN AND FANCY JOB TYPE!

A No. 4 Washington Press, and a large size Ruggles'

JOB ENGINE.

The material is as good as new, and the presses in first rate order. Inquire at this office.

E. B. BOUST.

QUARTZ MINING.—The Success of the Rising Sun Company, at Colfax, pretty clearly establishes the fact of a large and valuable quartz district in that section. For many years the fact of a series of quartz ledges extending through that section has been known, and their value was also suspected by many of the residents of that vicinity. Large numbers of claims have been located, but little work has been done on any of them, save that necessary to hold them, with the single exception of the claim mentioned. The developing of this claim has proved a stimulous, and now all owners of ledges in that vicinity are making preparations to thoroughly prospect them. Should the mines prove as good as is claimed for them, the town of Colfax will become the first place in the county. Quarts mining when the mines are good is the most lucrative of any branch of that business, and we certainly wish, for the benefit of our Colfax friends, and for that of the rest of mankind, the ledges of that vicinity may all equal or surpass in richness, the Eureka Mine at Grass Valley.

THE VERMONT CLAIM.—The Vermont Claim, owned by Messrs. Carr & Spaulding, situated, about three miles above this place, on the ridge, in a locality that has been as yet but little prospected. The owners have had six men employed for the past three months getting their claim in readiness for working, and have now, one of the best, and most complete "rigs" in this section. They commenced washing yesterday, employing three pipes and three hundred inches of water. They have commenced piping against a bank of gravel, seemingly very extensive, which prospects very rich. If these gentlemen meet with success, and we sincerily hope they will, quite a number of claims will be opened in that vicinity, which will be quite advantageous to this place.

RISING SUN COMPANY.—A letter from the Secretary of the above named quartz mining company, gives us the following items:

Last week they cleaned up after five and one-half day's run, with five stamps, $5,093 95. He says that things about the mine work like a War Democrat, we think, judging from the way they clean up, he means an office-holding Democrat. The following gentlemen are the new officers elected at the annual meeting of the company: Trustees: J. C. Coleman, J. H. Neff, W. B. Hayford, W. A. Himes and A. Dam; Secretary: W. A. Himes. We are pleased to hear of the flattering prospects of the company.

ON Tuesday as Eddy, a little son of Luke Secord, was endeavoring to drive one of his father's horses into the stable, the horse kicked him over the left eye cutting an ugly looking gash, and knocking the the boy sensless. His mother went out and carried him into the house when Dr. Nelson was sent for and dressed his wound. The doctor thinks nothing serious will result from it, farther than a temporal prostration.

WE learn that on last Friday a little child of H. Boek, at the Depot Saloon, was playing with some nails, when it put one in its mouth and attempted to swallow it, but it lodged in the child's throat and came very near proving fatal. A physician was called and the little sufferer immediately relieved.

DISBANDED.—The Pacific Guard was disbanded by Major Anderson on last Thursday evening in accordance with orders from head-quarters. The Auburn Grays have also been "read out," and not a single military company now exists in Placer county.

YESTERDAY Messrs. Kelsey & Co. commenced washing in the Jehosephat. They will wash as long as water lasts and we may expect tohear good returns from them as the claim has the reputation of being a rich one.

THE Order of Freedom's Defenders, in this place, have purchased a beautiful new streamer sixty feet in length, and the names of Grant and Colfax have been placed on it. It looks mighty nice.

CONCERT.—A Young Folk's Concert will take place at the Theatre this evening. A pleasing entertainment is offered, and the admission fixed at fifty cents.

WE are requested to state that there will be a social dance at Pioneer Hall on next Thursday evening, to which all are invited.

GOLD RUN.—At Gold Run the miners are all busy at work, and are taking out a quantity of the precious metals.

WE learn that it is the intention of the late Pacific Guard to form themselves into an independent company immediately.

PERHAPS the most noticeable man in the Chicago Convention was ex Governor Brown, of Georgie, who headed the Republican delegation from his State. Governor Brown was an original Secessionist; but he is one of the few Southern men who have had the wisdom and the grace to take counsel of the logic of events, accept the situation, and heartily reassume their allegiance to the Union. He is doing not only his country, but his section and his State good service. Would there were more like him.—*Times.*

MONTANA has produced according to estimates $59,500,000 in gold and silver during the past four years.

WINSHIP, the strong, is going to get married. It does not appear that her name is Deliah, or that she cuts hair.

MATTERS ABOUT HOME.

The history of all mining towns has been the same; sometimes prosperous, sometimes depressed. Dutch Flat is no exception to this rule. For long years prosperity seemed to favor this locality with singular regard, but for the past three years the season of depression has been ruling over us. We do not wish to be understood as saying that our mines have been totally unproductive during this time, but many of them were worked out, so far as washing at the present level is concerned. But now the day of prosperity dawns upon us again. It is true it is but the first faint glimmer of the morn, yet the signs are so certain that they cannot be mistaken. The great depth at which the blue lead has been struck makes it very difficult and expensive to open claims to it at present, but on the top of it are from one to two hundred and fifty feet of rich gravel that will pay largely for hydraulicing off providing a tunnel is run in sufficiently low to get grade for the sluices to run the dirt through. This tunnel we are told would cost near twenty-five thousand dollars, and would take nearly a year to excavate it, but that if it was run would pay for itself in a short time, and that when the ground was worked off down to the blue gravel, mills could be erected and the cement crushed much cheaper and to a greater advantage than otherwise. It has been suggested by some that a company be formed for the purpose of running a tunnel in until it taps the blue lead, and that the company charge the claims that wash through it a sufficient sum to make up in the aggreate the cost of construction. This appears to us a very favorable proposition for claim-owners, but a very "scaley" one for the tunnel-diggers, and we advise all who have the least idea that such a proposition will ever by countenanced to banish the thought immediately, as no one-sided proposition like the above would ever be entertained for a moment by any man of means. If the tunnel is needed let the companies that will be benefitted by it throw in together and build it. Mr. Taeff, to whom the miners are indebted for first discovering the lead, is working away on his own hook, endeavoring to open it, but want of time has thus far prevented us visiting his works and examining into the course he is pursuing. Now that blue cement has been found some seem to feel content, they seem to think that that is all that is necessary, and that their claims will open themselves, but we think if they follow this course they will be left in the cold soon.

NEW PAPER.—We have received the first number of a new journal named the Santa Barbara *Post*, published by Boust and Ferguson. It is a neatly printed and well edited journal, speaking from the appearance of the first number. It is about the size of the ENQUIRER, and is to be independent in politics, but neutral in nothing. Santa Barbara county is, from its salubrity of climate and the fertility of its soil, just now attracting considerable attention, and we bespeak for the *Post* a prosperous future. The town of Santa Barbara, where the paper is published, is a place containing a population of nearly 1,500 souls, while the population of the county, numbers nearly 5,000. We wish the *Post* the most flattering prosperity.

PERSONAL.—On Thursday last we had the pleasure of a call from Major Anderson, C. S. M., and J. L. Sickler Esq., of the Sacramento *Record*. Mr. Anderson, is out on official duty; disbanding military companies. We learn from him that where he has been throughout the State, the Grant and Colfax sentiment is great. Mr. Sickler is looking out, as he travels around, for the interest of that lively journal, the *Record*, with which he is connected. They go from here to Nevada City, thence to Downieville. We recommend them to our friends throughout the portions of the State they may visit.

THANKS.—The thanks of this institution are respectfully tendered to Major Stratman for a bountiful supply of Eastern periodicals among which we may mention *Harper's, Weekly and Monthly, Leslie's Illustrated Newspaper, New Sensation, New York Weekly New York Ledger, Illustrated News*, and so many others that it would take a full column to enumerate them; Charley Seffen's had to send out two extra wagons to haul them in.

WE return thanks to A. Stebben's, Librarian, for a copy of the Annual report of the Mercantile Library association. The association has 24,020 volumes, and 1,818 members.

THE Silver Bend *Reporter* is now issued semi-weekly.

THE Sacramento *Record* has the following:

"In the Senate Geo. C. Gorham, of California, was elected Secretary of the Senate without a ballot.—*Associated Press Dispatch.*"

"The stone which the builders rejected, the same hath become the head of the corner. It is the Lord's doings, and it is marvelous in our ages."—*Holy Bible.*

Two cars, says the Sacramento *Union*, loaded with bales of soap root arrived in the city yesterday. The material has but recently been adopted for use in filling mattresses, etc. It grows in great abundance in the mountain valleys, and is prepared for market at Dutch Flat, by the Eureka Hair Company. The shipment referred to is about twelve tons, and is probably the largest ever received at any one time. It was forwarded to San Francisco per schooner.

A CONFEDERATE ghost sent the editor of the *North Alabamian* a Ku-Klux order and enclosed twenty dollars in Confederate money to pay the printing. He says it passed in the moon at par.

WE learn, says the Mariposa *Gazette*, that very rich rock has been struck in the Potts mine, Hunter's Valley. It is said to be richer in gold than ever before known. The rich strike is in the main lode, and was made during the past week.

THE Democracy are still in search of a candidate. The toils of Japhet in search of his father, the Israelites after the promised land, and the Wandering Jew, sink into nothingness, when compared with the present struggles of the Democracy.

THE whole hog, or none; Hoag after the $50,000 for raising mulberry trees.

THE mulberry premium question has created a lively excitement among the silk men as well as among persons who feel an interest in the State Treasury. Though only one claim for $50,000 has so far been presented, rumor says the total amount involved is $500,000. One of the arguments used for the claim is that somewhere in Persia, mulberry seeds are sowed broadcast, and the shoots are mowed down, as the leaves are needed for feeding the worms. It is expected that if the claims are rejected by the Board of Commissioners, the matter will be taken into the Courts. The gentleman who introduced act of 1866 in the Legislature, as we are informed, is indignant at the idea that a premium should be demanded for shoots in a nursery. He says the purpose was to encourage the setting out of trees in a permanent plantation. The Sacramento *Reporter* says that "Governor Haight is decidedly opposed to the approval of the claim as presented." The act of the Legislature offers:

"To each person one premium of two hundred and fifty dollars for growing and cultivating five thousand *or more* mulberry trees of the age of two years, planted in suitable form and at proper distances for permanent silk culture."—*Alta.*

BERIAH BROWN'S LATE DRUBBING.—The American (Oregon) *Unionist* gives the following in regard to the assault on that person:

From a gentleman lately from Portland, we learn the particulars of Beriah's disastrous encounter with the Fenian Head-Center. It appears that it was Mr. McCormick's intention to flog him in the street, but Brown's long legs manifested their attachment to his body by hurrying him into the passage way and half up the stairs, at which point he was overhauled, apprehended by the redundancy of his pantaloons and the coat collar, removed to the bottom of the stairs where he was kicked and cuffed considerably. Beriah offered no resistance, but bawled like a young hippopotamus, and before any great harm was done, help arrived and he was let go. Concerning those legs—we can testify to their entire reliability in such emergencies. We have seen them in operation before, and solemnly declare that we have never beheld a pair of ancient locomotives work with so great facility. They are a kind of locomotive phenomena.

BEGGARS.—The *National* complains that Grass Valley is infested with strolling beggars, and relates the following:

One of them put in an appearance at the house of a friend, living on Main street, a short time since. He surveyed the premises, and finding no one at home but the lady of the house, he entered and asked her for something to eat. She told him breakfast was over, but if he would be willing to take such as was left, he was entirely welcome to it. She set the table and gave him a very good breakfast, including coffee, etc. The coffee being somewhat cold, it made him very mad and he spilled it over the table cloth. He then called for fried eggs, which the lady refused him. She asked him to have a glass of fresh milk, when he replied: "I have just come from a ranch where I had all the milk I wanted." Summary ejectment of the vagabond, by a couple of neighbors, soon followed.

MINES.—The Ophir company, a few days since, had twenty tons of rock taken from the shaft of the Good Friday claim, crushed, which yielded 101 ounces of gold, worth $16 25 per ounce. The McComb & Woodward claim, situated near the Good Friday, obtained from 30 tons of rock 39 ounces. These claims are just begining to be opened. They indicate an unusual richness. The Black ledge, we learn, is yielding, as usual, a large quantity of gold. The ledges near Ophir and on Bald Hill generally prospect well. There can scarcely be a doubt that it is one of the best fields for quartz mining in the State; and we believe all that is wanting to make it so is money and experience.—*Stars and Stripes.*

UNFORTUNATE DIFFICULTY.—We learn that on Wednesday evening last a difficulty occurred at Rocklin, in this county, between John Holder and M. D. Bays, both residents of Newcastle, in which Mr. Holder was seriously if not fatally wounded. As we are informed the assault occurred when the two men were standing on the platform of the railroad landing at Rocklin. Holder was knocked off falling some three or four feet and striking on the iron rails. We are not apprised of what led to the assault and cannot at this time give any of the particulars. We learn this (Friday) noon that Holder is not considered in a dangerous condition though badly wounded.—*Herald 6th.*

THE Marysville *Appeal* of June 11th contains the following:

This year Briggs Bros. made their first shipment for the season of cherry plums on the 9th. Last year on the 11th, showing this fruit is an exception to the general backwardness of the season. Apricots were sent below last year as early as the 9th of June, but this year they will not be ready for shipment before the 20th. Last year on the 12th of June they were shipping ripe apples. None will be ripe this sason till the last days of the month. This fruit season appears to be about three weeks behind 1867.

THE telegraph reports that Grant and Colfax are going to make a summer excursion to Colorado. They will be absent until September.

IT is thought that the next Union State and Congressional Conventions will be called for the month of July.

ACCORDING to the report of the Librarian of she San Francisco Mercantile Library, 2,818 volumes have been loaned during the year. Of these 2,044 were works of fiction.

FLORAL INCENSE.!

The fragrance of fresh flowers is agreeable and pleasant to even the most fastidious; and in the genuine MURRAY & LANMAN'S FLORIDA WATER we have this floral fragranee in all its refreshing purity and strength. Delicate persons and invilids are greatly soothed and benefited by its use.

☞As there are worthless counterfeits, buyers should always ask for the Florida Water prepared by Lanman & Kemp, New York.

MANY VOICES FROM CALIFORNIA.

DOZIER Metallurgic Company, location of works, Benton, Mono county, Cal. Notice.—At a meeting of the Trustees of the above named company held at their office in the town of Dutch Flat, on Thursday the 21st day of May, 1868, an assessment of two per cent. was levied upon the assessable stock of the company, payable immediately in U. S. gold or silver coin to the Secretary, at his office in Dutch Flat, Placer county, California. Any stock upon which said assessment shall remain unpaid on the 25th day of June, 1868, shall be deemed delinquent, and will be duly advertised for sale at public auction, and, unless payment shall be made before, will be sold on the 11th day of July, 1868, to pay the delinquent assessment, together with costs of advertising and expenses of sale.

M. S. GARDINER, Sec'y.

Dutch Flat, May 21st, 1868. 30td

SHERIFF'S SALE.

NOTICE is hereby given that by virtue of an order issued out of the District Court of the Fourteenth Judicial District of the State of California, in and for the county of Placer, on a judgement rendered in said Court on the 6th day of May A. D. 1868, in favor of E. M. Hall and against J. L. Gould, for the sum of two thousand nine hundred and ninety-five 21-100 ($2,995 21) dollars in gold coin of the United States, one thousand three hundred and twenty-six 45-100 ($1,326 45) dollars of which sum is to draw interest at the rate of two (2) per cent. per month, and one thousand six hundred and sixty-eight 76-100 ($1,668 76) dollars of which sum is to draw interest at the rate of ten (10) per cent. per annum, and all costs and accruing costs, I will sell at public sale to the highest bidder for cash, at the Court house door in Auburn, county of Placer, California on Saturday, June 6th, 1868, at 11 o'clock A. M., the property described in said order of sale as follows, to wit: All that certain mining ground known as the Bay State Company's claims, lying and being situated near the Milk Ranch Saw Mill, in the Mountain Spring Mining District, near the town of Dutch Flat, in the State of California, county of Placer, bounded and described as follows, to wit: Commencing at a stake about four hundred feet from Canyon Creek, running thence westerly along the line of Abeel's mining ground twelve hundred (1200) feet to a stake, thence thirteen hundred (1300) feet to a stake on unclaimed ground at the date of said mortgages, thence easterly along a line of stakes 600 feet to a stake a little to the south of the Indianna Hill Ditch, thence running southerly along the ground claimed by Goddins & Co., and the grounds claimed by Benton and Co., at the date of said mortgages, eight hundred feet along the line of Benton and Company's claim, and the southerly line thereof to a stake, thence running southerly two hundred and fifty feet to the place of beginning.

All of which named and described property I will sell, or so much thereof as may be necessary to satisfy the Judgment, interest, costs and accruing costs.

J. H. NEFF,
Sheriff of Placer county,

By T. J. NICHOLS, Deputy Sheriff

Auburn, May, 13, 1867. 16td

The above sale is hereby postponed until Saturday the 13th day of June, A. D. 1868, by order of the plaintiff's attorney.

J. H. NEFF,
Sheriff of Placer county.

Auburn, June 1st, 1868. 6 2t

CONSTABLE'S SALE.

BY VIRTUE of an Execution to me delivered and directed on the 29th day of May A. D. 1868, issued out of the court of C. J. Brown a Justice of the Peace in and for Township No. 4. County of Placer and State of California, on a judgement rendered in said court on the 19th day of May, A. D. 1868, in favor of S. Y. Halsey, and against A. J. Goding, for the sum of two hundred and seventy-eight and 10-100 dollars with interest upon the sum of two hundred and seventy-eight 10-100 ($278 10) dollars, from the rendering of judgment until date of sale, at the rate of 10 per cent. per annum and for costs of suit taxed at twenty-three and 70-100 dollars; I have this day levied upon and will expose to public sale, to the highest bidder for cash, in front of the Justice Court room, in the town of Dutch Flat, on Monday the 22d day of June, 1868, at the hour of 10 o'clock, A. M., all the right, title, interest and claim which the said A. J. Goding had on the 8th day of May, A. D. 1868, in and to the following described property, situated in Gold Run Mining Dist. Township No. 4, county of Placer State of California and known as the Excelsor Mining Co., ground. Bounded on the east by Canyon Creek, south by a A. S. Bentons claims, west by the Bay State ground and north by O. Harkness mining ground. All of which named and described property I shall sell as aforesaid, or so much thereof as may be sufficient to satisfy the above judgment together with costs due and to become due thereon. WM. S. COOKE.

Constable of Township No. 4.

HOTELS AND RESTAURANTS.

DUTCH FLAT HOTEL,

MAIN STREET, DUTCH FLAT.

CHAS. SEFFENS.....Proprietor.

THIS HOUSE BEING NOW FULly completed and arranged in all its appointments presents greater inducements to transient as well as permanent customers than any other establishment of the kind in the mountains. The proprietor having been in the business for a number of years, flatters himself that he is sufficiently known as a caterer to public taste to warrant their support.

LARGE AIRY ROOMS,

with clean bed linen well ventilated are requisites that should not be dispensed with but which are ALWAYS found at this house.

THE TABLE

will always be found supplied with the latest delicacies of the season, and polite and willing waiters always in attendance. In connection with the house is a BAR ROOM, always supplied with thebest

WINES, LIQUORS and CIGARS,

to be had in the market. An experienced barkeeper constantly at hand to wait upon customers; also a fine Billiard Table where parties may play this healthful game FREE OF CHARGE.

SUMMER RETREAT!

To families and all strangers in the mountains the proprietor would say that Dutch Flat presents all the inducements of a Summer Retreat, being located on the line of the Pacific Railroad at a convenient and pleasant distance from the city, is easy of access to those whose means are limited and require fresh air kind treatment and good living. All the proprietor asks is an opportunity to prove the correctness of the above assertions.

LIVERY STABLE.

Connected with the hotel is a first-class Livery Stable, where

Cariages and Horses

can be had for all parts of the country. Parties supplied with carriages with or without drivers.

Carriages from this hotel will be found at the depot on the arrival of every train. jy24.

WRIGHT'S RESTAURANT,

MAIN STREET, DUTCH FLAT.

THE PROPRIETOR respectfully informs the public that he has opened a first-class Restaurant where the

VERY BEST MEAL

may be obtained at all times at the most reasonable prices.

Attending personally to the interior arrangements of the house, the proprietor pledges himself to use every exertion to accommodate all who may give him a call in a manner unsurpassed by any house in town. f19-tf

STARR'S EXCHANGE,

Head of Main Street, Colfax.

THIS HOUSE, SITUATED AT the most central locality in Colfax, and Colfax being the center of a radius of the most prosperous mountain towns in the State, presents an eligible point from whichto gather the most reliable information of the mining, commercial and social advantages of the most populous portion of the country. Being located but a few steps from the railroad depot presents every advantage desirable to the traveler or resident. Every accommodation furnished to make it a home for families as well as a pleasant stopping place for transi nt customers. Connected with the hotel is a first class

LIVERY STABLE!

where horses and carriages can be obtained for all parts of the mines. Parties furnished with every description of conveyance at the shortest notice and on reasonable terms.

TO THEATRICAL COMPANIES.

The undersigned has fitted up an elegant hall for theatrical and dancing purposes; and having procured all the paraphernalia necessary to the use of heatrical exhibitions is now prepared to accommodate all who may call.

B. H. STARR, Prop'r.

OLD CORNER SALOON.

JOHN MEYER.....PROPRIETOR

THE PROPRIETOR WOULD respectfully announce to the public that he has just fitted up a first-class saloon on the corner of Sacramento and Main streets, where he will at all times keep the

BEST WINES AND LIQUORS

to be had in the market, and invites all his old friends and customers to give him a call, assuring them that nothing will be offered for their acceptance but the best. no23 tf

Train arrives at Gold Run at 10:10, A. M.,
" " " Dutch Flat at 10:20, A. M.

The trains stop at each of the depots sufficient long to accommodate passengers.

Seffens' accommodation wagon leaves the Dutch Flat Hotel in time to connect with the up and down trains.

PREACHING at the Union Church to-morrow morning at the usual hours.

THERE will be preaching in the M. E. Church on Sunday at the usual hours, morning and evening.

THAT SERENADE.—As we tread the mazy paths of life there is now and then an event which is of more than ordinary interest to us, and which is treasured up in our minds, which, when we revert to them, seem to alleviate the rough places and throw a charm over them and render existence pleasant and agreeable; to some, many of these incidents are the grandest events of their experience during their residence on this mundane sphere; the most trifling actions are sometimes the greatest. Well do we remember, in our childhood days, some little acts of more than usual kindness, or pleasant words given us when we were suffering under some one of childhoods numerous afflictions—they were kindly given and we will gratefully remember them. Well do we remember, and we suppose many of our readers also recall similar events, how, at our earnest request, our school-mistress would sing those old school-day songs over and over for us, and, though we now remember that her voice was not as fine as some we have since heard, yet when we call them to mind they seem as sweet as they did in days of yore. Ascending a lofty mountain it will be noticed that as the summit is approached vegtation becomes less abundant and sometimes entirely disappears, so in life; the pleasures and sociabilities of human existence are its flowers and evergreens, and as mankind approach the apex of the cone of life the blossoms of joy and beauty gradually disappear till one by one they all have vanished and naught is left but the sere and yellow leaf, then all disappears beneath the mantle of oblivion; and hence as these oases in life appear we learn as we advance on our path to value them the higher as their number decrease.

Many acts of kindness simple, as they may seem to those to whose benificence we are indebted for them, are yet treasured up in the memories of the recipients with a fondness and tenacity almost marvelous. Life would, indeed, be but a poor boon, hardly worth the strife of a hungry cur, were it not for these pleasant interstices, which seem to throw a halo of beauty, cheerfulness and purity over the more rugged portions of life; a few moments of gratifying amusement seeming to repay one for years of degrading toil and hardships. We digress, perhaps; we were going to speak of a beautiful serenade which we enjoyed a few nights since, which was forcibly suggestive of the thoughts so feebly portrayed by us. It is said that "pleasure that comes unlooked for is thrice welcome," and is enjoyed more than if one has a foretaste of what is coming. About eleven o'clock last Saturdy evening we were aroused from our sleep by the sweet sounds of a good-looking female's voice (we know she must have been good-looking as no one who could utter such lovely sounds could be otherwise), singing that charmingly pathetic ballad "You'll Remember Me," accompanied with a guitar played in excellent style. As the agreeable sounds floated to our dorm tory on the pure night air it seemed to us to be the most charming piece of minstrelsy that it was ever our fortune to listen to. Several other magnificent musical productions were executed, the choruses of which were warbled by a trio of lovely voices, and the music produced by them was sweet enough to make one think they were listening to angels, as they were. We have never in our lives heard music that sounded so excellent as it did; and we certainly have never received a compliment which we appreciated half as much. Such sweet voices! The charming sounds seem to be hovering near us now. We would that we could hear such heaven-inspired music every night. Ladies, accept our warmest and most sincere thanks for your kindness, and be assured that we will ever look back to that act of goodness of yours which we have so feebly attempted to describe as one of the most acceptable events of our life, as it certainly was conducive of more pleasure to us than any other compliment we have ever had paid us. Again, ladies, we thank you, and hope that it may again be our pleasure to listen to your charmingly melodious voices.

THE editor of the Mariposa *Mail* wants to marry, if he can find some one exactly suited to his mind. The "gentler sex" must be scarce in that vicinity, or the editor hard to please, when he has to advertise for a wife.—*Oakland Transcript.*

May be it is the other way; perhaps the ladies are "hard to please.',

PAIN KILLER!

WE beg leave to call the attention of the public to this long celebrated and unrivaled
FAMILY MEDICINE.

The Pain Killer is a purely vegetable compound, and while it is a most efficient remedy for pain, it is a perfectly safe medicine even in the most unskillful hands.

For Summer Complaiht,
or any other form of bowel disease in children or adults; it is an almost certain cure, and has without doubt been more succcessful in curing the various kinds of
CHOLERA,
Than any other know remedy, or even the most skillful physician. In India, Africa and China, where this dreadful disease is ever more or less prevalent, the Pain Riller is considered by the residents, as well as European residents in those climates
A SURE REMEDY!
[je6 1m]

READ THE FOLLOWING:

Gents—This is to certify that I have found ALLEN'S LUNG BALSAM one of the best remedies in the world for diseased Lungs. I have used it in my family for breaking up a troublesome cough with the happiest effect.—I recommended it to a young lady who had a harrassing cough and was threatened with Consumption, and it cured her in a few days. I would recommend it to all those predisposed to Consumption. Respectfully Yours.
A. A. HARRISON, Cincinnat, O.

L. B. BOWIE, Druggist, Uniontown, Penn., writes April 4, 1866: Allen's Lung Balsam has performed some remarkable cures about here.—I recommend it with confidence in all diseases of the throat and lungs."

STERLING BROS., Druggists, write from Carolton, O., Jan. 27, 1867: "Send us six dozen Allen's Lung Balsam. We are entirely out of it. It gives more general satisfaction than any other medicine we sell."

HOPE FOR THE AFFLICTED.—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. YOUNG, in 1850. In this age of deceit and charlatanism, it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skillful Doctor the sickand troubled can divest themselves of their burdens of pain; lay aside their cross, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. Consultation Office, 540, Washington street, San Francisco.

MEDICAL ADVICE.—DR. WM. K. DOHERTY'S Medical and Surgical Institute is becoming a sine quo non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamation of others to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he in sist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—News

MEDICAL.

R. R. R.
1 BETTER THAN 10.
SARSAPARILLIAN!
(PREPARED FROM VACUO.)
The Curative Principle of Sarsaparilla enters largely into the composition of
R. R. R.
RESOLVENT.

One Bottle of Resolvent Better than Ten Large Bottles of Sarsaparilla.

One Bottle will Purify the Blood, and Expel Corruption from the Body!

So swift is this remedy in entering into the circulation, that it has been detected in the blood and urine in six minutes after it has been taken.

☞ 1 BETTER THAN 10 ☜

R. R. R. Resolvent cures with astonishing rapidity every form ot Chronic, Scrofulous and Skin Diseases, and exterminates all corruption from the human system.

One bottle of Dr. Radway's Renovating Resolvent contains more of the active curative principles of the best Jamaica Sarsaparilla, (Sarsaparillian,) than Ten of the largest size bottles of the mixture sold under the name of Sarsaparilla.

The process adopted by Dr. Radway in securing extracts (prepared in vacuo,) of Medicinal Roots, Plants, Herbs, and other vegetables possessing great curative properties over Scrofula, Chronic, Syphilic and skin diseases, that enters into the composition of the Renovating Resolvent, produces only ONE OUNCE of the pure extract out of 20 lbs of crude roots. The inert matter that enters so generally in the large bottle mixtures and prepared under the officinal or pharmacopeia formula, is, by Dr. Radway's process, cast aside as rubbish.

One teaspoonful of the Resolvent is sufficient for a dose for all Skin, Salt Rheum, Pimples, Blotches, Sores and Eruptions of the Skin, Humors in the Blood, &c.

One teaspoonful, three times a day, will, in a few days, make the Blood pure, the Skin clear, the Eyes bright, the Complexion smooth and transparent, the Hair strong, and remove all Sores, Pimples, Blotches, Pustules, Tetters, Cankers, &c., from the Head, Face, Neck, Mouth and Skin. It is pleasant to take, and the dose is small.

The first dose that is taken seizes on the disease and commences its work of resolving away all diseased deposits, Purifying the Blood, and driving corruption from the system.

The Renovating Resolvent, if used in any of the following named complaints, will positively cure the patient:

Skin Diseases, Caries of the Bones, Humors in the Blood, Constitutional, Chronic and Scrofulous Diseases, Scrofula, Syphilis, Fever, Ulcers, Sores, Salt Rheum, Erysipelas, Rickets, Scald Head, Cankers, Sore Legs, White Swellings, Glandular Swellings, Boils, Nodes, Sore Ears, Sore Eyes, Strumous Discharges from the Ear, Opthalmia, Itch, Constitutional Debility, Skin Eruptions, Wasting and Decay of the Body, Pimples and Blotches, Tumors, Cancerous Affections, Dyspepsia, Water Brash, Neuralgia, Chronic Rheumatism and Gout, Diseases of the Kidneys, Bladder, Urethra, Strictures, Difficulty of Passing Water, Calculous Deposits &c.

ALARMING INCREASE OF BLADDER, KIDNEY and CALCULOUS DISEASES.

The annual reports of the Health Commissioners of different cities, show a great increase of deaths from diseases of the Kidneys and Urinary Organs—RADWAY'S RENOVATING RESOLVENT is the only remedy *that has dissolved* calculous concretion.

Its SOLVENT, *diuretic, lithontriptic* and *tonic* properties exceed that of any medicine in the world; it readily assimilates with the fluids, and promotes their exit through the Kidneys, Urethra and Bladder, removing calculous obstructions, and correcting all derangements of these organs.

So swift is this remedy in passing into the circulation, that it has been detected in the urine in six minutes after it has been taken; by adding to the liquid when cold a few pieces of starch, then a few drops of nitric acid, the liquid will change to a blue color. When brick dust, or a thick white deposit, like the white of an egg, (albumen,) is detected in the vessel, or bloody discharges from the urethra, or micturating in drops, accompanied by a burning or scalding pain—the RESOLVENT should be used and R. R. RELIEF rubbed on the spine, &c.

RADWAY'S PILLS being an aperient, soothing, and tonic laxative, are the only purgative medicine safe to administer in these difficulties; their mild soothing and healing properties produce evacuations without irritating the mucous membranes of the bowels, kidneys, ureter, bladder, &c., or causing straining when at stool.

Price of Resolvent, $1 per bottle, or 6 for $5. Pills 25 cts. R. R. Relief, 50 cts. per bottle. Principal Depot, 87 Maiden Lane, N. Y. Sold by all Druggists and Country Merchants.

For Sale by

REDINGTON & CO.S' COLUMN.

REDINGTON & O.'S
ESSENCE OF JAMAICA GINGER.

THIS valuable preparation, containing in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs

As a tonic it will be found invaluable to all persons recovering from debility, whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

REDINGTON & CO.,
SOLE AGENTS for the PACIFIC COAST.

STOP THAT COUGHING!

SOME OF YOU CAN'T, AND WE pity you. You have tried every remedy but the ONE destined, by its intrinsic merit to superce all similar preparations. It is not surprising that you should be reluctant to try something else after the many experiments you have made on trashy compounds foisted on the public as a certain cure; but
NEWELL'S
PULMONARY SYRUP
is really the VERY BEST remedy ever compounded for the cure of Coughs, Colds, Sore Throat, Asthma, Whooping Cough, Bronchitis and Consumption. Thousands of people in California and Oregon have been already benefited by the surprising curative powers of
NEWELL'S
PULMONARY SYRUP
and with one accord give it their unqualified approbation. We now address ourselves to all who are unacquainted with this, the greatest Panacea of the age, for the healing of all diseases of the Throat and Lungs, assuring you that
NEWELL'S
PULMONARY SYRUP
has cured thousands and it will cu YOU if you try it. This invaluable medicine is pleasant to the taste; soothing, healing and strengthening in its effects; entirely free from all delete rious drugs, and perfectly harmless under all circumstances.

Certificates from many prominent citizens of San Francisco accompany every bottle of
NEWELL'S
PULMONARY SYRUP.

GRAEFENBERG
UTERINE CATHOLICON
If faithfully used according to directions will cure every case of Diabetes, and greatly mitigate the troublesome effects cause by a relaxation of the outlet of the bladder. It is a most successful remedy for the Gravel and other diseases of the Kidneys and Bladder, and for female diseases is unequalled. The *Catholicon* uniformly cures Prolapsus Uteri, Whites, all Irregularities of the Monthly Turns, Suppressions, Incontinence of Urine, Bloating, Dropsical Swellings, and all diseases of pregnancy.—The specific action of this medicine is immediate and certain upon the Uterine and Abdominal Muscles and Ligaments; restoring them to as healthy a state as those of childhood and youth, so that patients who have used the *Graefenberg Company's Uterine Catholicon* cannot sufficiently express their gratitude for the relief afforded.

[e15 yr

S.T-1860-X.

A great French Physician says: "More than half of the disease in the world comes from neglect to fortify the system against changes of climate, weather and food. The great secret of health is to keep the condition of the Stomach and Blood regular and uniform, so that changes from Heat to Cold, from Dry to Damp, etc., cannot upset the machinery of the body, and breed disease."

Now, it is a fact, positive and well known, that there is no such bulwark and assistant for the Stomach as

PLANTATION BITTERS.

This splendid tonic is now used by all classes of people for every symptom of a "Stomach of order."

The secret of it is this: Plantation Bitters are certain to correct the juices of the Stomach set all its machinery at work, and enable it to resist and throw off the approaching danger The tendeny of the operations of Nature is always towards a cure; all she needs is a little assistance at the proper time. How much more reasonable and sensible it is to help her along with a gentle, yet powerful Tonic, than to deluge and weaken and defeat her curative processes with poisonous drugs and fiery mixtures, which only stupify and plant the seeds of disease and death.

Important Certificates.

"* * * I owe much to you, for I verily believe the Plantation Bitters have saved my life
REV. W. H. WAGGONER, Madrid, N. Y.

"* * * Thou wilt send me two bottles more of thy Plantation Bitters. My wife has been greatly benefited by their use. Thy friend.
ASA CURRIN, Philadelphia, Pa."

"* * * I have been a great sufferer from Dyspepsia, and had to abandon preaching. * * The Plantation Bitters have cured me.
REV. J. S. CATHORN, Rochester, N. Y."

"* * * I have given the Plantation Bitters to hundreds of our disabled soldiers with the most astonishing effect.
G. W. D. ANDREWS,
Superintendent Soldiers' Home,
Cincinnati, O."

The Plantation Bitters make the weak strong, the languid brilliant, and are exhausted nature's great restorer.

The public may rest assured that in no case will the perfectly pure standard of the PLANTATION BITTERS be departed from. Every bottle bears the fac-simile of our signature on a steel plate engraving, or it cannot be genuine.

Any person pretending to sell Plantation Bitters in bulk or by the gallon, is a swindler and impostor. Beware of refilled bottles. See that our private stamp is UNMUTILATED over every cork.

Sold by all Druggists, Grocers and dealers throughout the world.

FLEAS.

LYON'S MAGNETIC INSECT POWDER is sure and certain death to everything of the Insect species—Fleas, Roaches, Mosquitoes, Ants, Bugs,
IT KILLS INSTANTLY.
What is peculiarly surprising in regard to this article is, that notwithstanding its instant death to insects, it is perfectly harmless to mankind and domestic animals. It can be inhaled or eaten with impunity. It bears the testimony of eminent disinterested chemists that it is
FREE FROM POISON.
No other article has ever given such positive satisfaction in its use.
Its reputation is well known. It is easily and readily used—directions accompany each flask. Beware of counterfeits.
The genuine has the signature of E. LYON, and the private stamp of DEMAS BARNES & Co. Anything else of this kind is an imitation or counterfeit. Any druggist will procure the genuine if you insist you will have no other.
Sold by all druggists and dealers on Pacific coast

MEXICAN
MUSTANG
LINIMENT.
It is an admitted fact that the Mexican Mustang Liniment performs more cures in shorter time, on man and beast, than any article ever discovered.
No compound has ever been invented so useful and efficacious in curing
RHEUMATISM, SORE THROAT,
STIFF AND WEAK JOINTS, BURNS,
BRUISES, EAR ACHE,
SPRAINS, SWELLINGS,
FRESH CUTS OR WOUNDS,
Or any other complaints requiring an external application.
FOR HORSES
It is an indispensable and valuable remedy in all cases of Spavin, Splint, Ring-Bone, Wind-Galls, Bruises, Strains, etc.
It should be kept in every house, camp and stable. Accidents will occur. Promptness is efficacy.
All genuine is wrapped in steel-plate engravings, bearing the signature of G. W. WESTBROOK, Chemist, and the *private* U. S stamp of DEMAS BARNES & Co. over the top.
An effort has been made to counterfeit it with a cheap stone plate label. *Look closely!*
Sold by all Druggists and Stores in every town and mining camp on Pacific coast.
[k6-y1s]

DUTCH FLAT ENQUIRER.

MIXED UP!

I've wandered through the village, Tom,
Along with Anna Lee,
To listen to the mocking bird,
In the cottage by the sea.
Reed's black mare can't be beat,
While coming through the rye,
Let me kiss him for his mother,
Says the spider to the fly.

The colored girl and poor Old Ned
Now swell our national song;
I'd offer thee this hand of mine—
But take your time Miss Long
I'm lonely since my mother died—
Susannah don't you cry,
We are all nodding through this world,
Then root, hog, or die.

Hark! I hear an angel sing,
Ah! daddy he's struck ile—
We're coming Father Abraham
Along with Annie Lyle.
The song my mother used to sing,
The wearing of the green,
The girl I left behind me,
To-day I'm sweet sixteen.

The nice young man and Fairy Belle,
Are swinging in the lane—
The captain with his whiskers
Has marrying on the brain.
We will rally round the flag, boys,
For Johnny stole the ham—
Yankee Doodle, Hail Columbia,
And I don't care a—cent.

An army chaplain relates the following funny story. Seeing a dirty-faced butternut urchin at the fence in front of a house, the preacher stopped and said:

"Is your father at home?"

"No, he's gone to church."

"Is your mother in?"

"No, she's gone, too."

"Then you are all by your self?"

"No, Sam's is in thar huggin' the nigger gal."

"That's bad."

"Yes, it's bad, but it's the best he can do."

"Do you ever observe how very devotional Deacon Buffum is?" asked a good lady of her husband. "Yes, my dear; the Deacon is very devotional. He always keeps his head bowed in prayer till the contribution box has passed."

Two politicians of Syraduse bet, on a recent election, a loaf of bread which should contain a half barrel of flour. It was kneaded by the loser, and given to a widow who also needed it.

If you want to put and get your foot in it, say yes when you mean no, and no when yes is the befitting word. In the course of a short time you will have all the business you can conveniently attend to.

What nose is more brilliant than a toper's nose? Why, volcanes to be sure. Pat remarks that the chief glow of each comes from the *crater*.

MEDICAL.

THE SCIENCE OF HEALTH!

Every Man His Own Physician.

HOLLOWAY'S PILLS,

AND

HOLLOWAY'S OINTMENT!

Disorders of the Stomach, Liver and Bowels.

The Stomach is the great centre which influences the health or disease of the system—Abused or debilitated by excess—indigestion, offensive breath and physical prostration are the natural consequences. Allied to the brain, it is the source of headaches, fiental depression, nervous complaints and unrefreshing sleep. The Liver becomes affected and generates bilious disorders, pains in the side, &c. The Bowels sympathize by Costiveness, Diarrhœa and Dysentery. The principal action of these Pills is on the stomach, and the liver, lungs, bowels and kidneys participate in their recuperative and regenerative operation.

Erysipelas and Salt Rheum,

Are two of the most common and virulent disorders prevalent on this continent, to these the Ointment is especially antagonistic, its "modus operandi" is first to eradicate the venom and then complete the cure.

Bad Legs, Old Sores, and Ulcers.

Cases of many years' standing, that have pertinaciously refused to yield to any other remedy or treatment, have invariably succumbed to a few applications of this powerful unguent.

Eruptions on the Skin.

Arising from a bad state of the blood of chronic diseases, are eradicated, and a clear and transparent surface regained by the restorative actton of this Ointment. It surpasses many of the cosmetics and other toilet appliances in its power to dispel rashes and other disfigurements of the face.

Female Complaints.

Whether in the young or old, married or single, at the dawn of womanhood, or the turn of life, these tonic medicines display so decided an influence that a marked improvement is soon perceptible in the health of the patient. Being a purely vegetable preparation, they are a safe and reliable remedy for all classes of Females in every condition of health and station of life.

Piles and Fistula.

Every form and feature of these prevalent and stubborn disorders is eradicated locally and entirely by the use of this emolient; warm fomentations should precede its application. Its healing qualities will be found to be thorough and invariable.

Both the Ointment and Pills should be used in the following cases:

Bunions,	Piles,	Sore Legs,
Burns,	Rheumatism,	Sore Breasts,
Chilblains,	Ringworm,	Sore Heads,
Fistula,	Salt Rheum,	Sore Throats,
Gout	Scalds,	Sprains,
Stiff Joints,	Tetter,	Ulcers.
Lumbago,	Skin Diseases	Venereal Sores,
Sores of all kinds,	Mercurial Eruptions,	
Swelled Glands,	Wounds of all kinds.	

CAUTION.—None are genuine unless the words "Holloway, New York and London," are discernible as a *Water Mark* in every leaf of the book of directions around each pot or box; the same may be plainly seen by *holding the leaf to the light*. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

* Sold at the manufactory of Professor Holloway, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicine, throughout the civilized world.

☞ There is considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each pot and box.

☞ Dealers in mywell-known medicines can have Show Cards, Circulars, &c., sent FREE OF EXPENSE, by addressing Thomas Holloway, 80 Maiden Lane, New York. k9-1y

MERCHANTS & Manufacturers'

JEWELRY ASSOCIATION,

193 and 195 Broadway, New York City.

Of Rosewood Pianos and Melodeons, Fine Oil Paintings, Engravings, Silver Ware, Gold and Silver Watches and Elegant Jewelry, consisting of Diamond Pins, Diamond Rings, Gold Bracelets, Coral, Florentine, Jet, Mosaic, Lava, and Ladies Sets, Gold Pens, with gold and silver extensipn holders, Sleeve Buttons, Sets of Studs, Vest and Neck Chains, plain and chased gold chains, &c., &c., valued at

1,000,000,

FOR ONE DOLLAR.

The Merchants' and Manufacturers'

Jewelry Association

Calls your attention to the fact of its being the largest and most popular Jewelry Association in United States. The business is and always has been conducted in the most candid and honorable manner. Our rapidly increasing trade is a sure guarantee of the appreciation of our patrons for this method of obtaining rich, elegant and costly goods. The sudden stagnation of trade in Europe, owing to the late German war, and recent disastrous financial crisis in Europe, has caused the failure of a large number of jewelry houses in London and Paris, obliging them to sell their goods at a great sacrafice, in some instances less than one third the cost of manufacturing. We have lately purchased very largely of these bankrupt goods, at such extremely low prices that we can afford to send away finer goods, and give better chances to draw the most valuable prizes than any other establishment doing a similar busindss. Our aim is to Please, and we respectfully solicit your patronage, as we are confident of giving the utmost satisfaction. During the past year we have forwarded a number of the most valuable prizes to all parts of the country. Those who patronize us will receive the full value of their money, as no article on our list is worth less than one dollar, retail, and there are no blanks. Parties dealing with us may depend on having prompt returns, and the article drawn will be immediately sent to any address by return mail or express.

The following parties have recently drawn valuable prizes from the Merchants' and Manufacturers' Jewelry Association, and have kindly allowed use of their names.

Frederick V. Browne, Esq., Treasury Department, Washington, D. C., Piano, value, $450; Miss Anna L. Frost, Waverly Terrace, N. Y. city, Ladies' Gold Enameled Diamond Set watch—value, $300; William B. Emmons, New Orleans, La., Sewing Machine, value, $75; George L. Davenport, Mobile, Ala., Silver Tea Set, value, $200; Miss Lucy Orcutt, Albany, Ill., Sewing Machine, value, $65; Mrs. Mary J. Downing, Louisville, Ky., Gold Watch, value, $300; James B. Fowler, Harrisburg, Pa., Silver Hunting case watch, value, $75; Rev. William Peyster, Milwaukie, Wis., Wheeler and Wilson Sewing Machine, value, $125; J. J. Bickford, San Francisco, California, Gold Lined Silver Tea Set, value—$300; Edward L. Rice, St. Louis, Mo., Melodeon, value, $250; Miss Helen E. Sinclair, Detroit, Mich., Diamond cluster ring, value, $225; Horatio G. Frost, Chicago, Ill., Large oil painting value, $300; Mrs. Charlotte E. Hewins, Doniphan, Kansas, Chickering Grand Piano, value, $700, and Music Box, value, $65.

Many names could be placed on the list, but we publish no names without permission. Our patrons are desired to send U. S. Currency when convenient.

PARTIAL LIST OF ARTICLES TO BE SOLD

For One Dollar Each,

without regard to value, and not to be paid for until you know what you are to receive:

10 Chickering Grand Pianos, worth	$500 to $700
15 Elegant Rosewood Pianos	200 to 400
15 Elegant Melodeons R'wood cases,	175 to 220
50 First-class Sewing Machines	40 to 300
75 Fine Oil Paintings	30 to 100
150 Fine Steel Engravings, framed	20 to 30
50 Music Boxes	25 to 40
150 Revolving Paten't Castors, Silver	20 to 40
50 Silver Fruit and Cake Baskets	20 to 35
400 Sets of Tea and Table spoons	20 to 40
150 Gold Hunting Case Watches	50 to 100
100 Diamond rings	75 to 260
175 Gold Watches	85 to 150
300 Ladies' Watches	60 to 100
500 Silver Watches	20 to 7

Diamond pins, Brooches and Ear Drops, Ladies' sets of Gold and Coral, Jet and Gold, Florentine and Mosaic, Lava and Cameo; Sets of Studs, Vest and Neck Chains, plain and chased Gold Rings, Gold Thimbles, Lockets, new style Belt Buckles, Gold Pen and Pencils, fancy Work Boxes, Gold Pens with Gold and Silver Extension Holders, and a large assortment of Fine Silver Ware and Jewelry of every description, of the best make and latest styles.

☞ A chance to obtain any of the above articles for ONE DOLLAR, by purchasing a sealed envelope for 25 cents.

** Five Sealed Envelopes will be sent for $1; Eleven for $2; Thirty for $5; Sixty-five for $10; One Hundred for $15.

Agents Wanted Everywhere.

Unequalled inducements offered to Ladies and Gents who will act as such: Our descriptive circulars will be sent on application.

Distributions are made in the following manner: Certificates naming each article and its value are placed in sealed envelopes, which are well mixed. One of these envelopes containing the certificate or order for some article will be delivered at our office, or sent by mail to any address, without regard to choice, on receipt of 25 cents.

On receiving the certificate the purchaser will see what article it draws and its value, and can send One Dollar and receive the article named. Purchasers of our sealed envelops may, in this way, obtain an article worth from one to five hundred dollars.

Long letters are unncessary. Have the kindness to write plain directions. Orders for Sealed Envelopes must in every case be accompanied with the cash, with the name of the person sending, and Town, County and State plainly written Letters should be addressed to the managers, as follows:

THE GREAT PRIZE

THE ONLY

GRAND CROSS OF THE LEGION

OF HONOR

AND GOLD MEDAL

Awarded to American Sewing Machines at the Paris Exposition of 1867, was given to us as per Imperial Decree, published in the Moniteur Universal, (official Journal of the French Empire) Tuesday, July 2, 1867.

THE HOWE

SEWING MACHINES,

Manufactured by the

HOW MACHINE COMPANY,

No. 609 Broadway, N. Y.

For Families and Manufacturers.

They are celebrated for doing the best work, using a much smaller needle for the same thread than any other machine.

The New Improved Family Machine is without a rival, and cannot be surpassed—a Hemmer, Feller, Braider, Quilter, and Guide, go with each Family Machine free of charge.

Every machine is as near perfection as the best machinery in the world can make it.

They are adapted to all kinds of Family sewing and Manufacturing of every description, making a beautiful and perfect stitch, alike on both sides of the articles sewed, and will neither rip nor ravel.

The parts being exactly alike, if any part needs to be replaced, the operator can replace, it.

Loss of time and expense of sending to a machine shop rarely occurs.

The Best Machine in the World.

PATENT MEDICIN.

HELMBOLD'S BUCHU.

THE ONLY KNOWN REMEDY

FOR

DIABETES,

IRRITATION OF THE NECK OF THE BLADDER, INFLAMATION OF THE KIDNEYS CATARRH OF THE BLADDER, STRAGUARY OR PAINFUL URINATING.

For these diseases, it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms.

Are you troubled with that distressing pain in the small of the back and through the hips? A teaspoonful a day of Helmbold's Buchu will relieve you.

PHYSICIANS AND OTHERS

PLEASE NOTICE.

I make no secret of ingredients. Helmbold's Extract of Buchu, is composed of Buchu, Cubebs, and Juniper Berries, selected with great care, prepared in vacuo and according to rules of

Pharmacy and Chemistry.

These ingredients are known as the most valuable Diuretics afforded.

A DIURETIC

is that which acts upon the kidneys.

HELMBOLD'S EXTRACT BUCHU

ACTS GENTLY

Is pleasant in taste and odor, free from all injurious properties, and immediate in its action.

FOR THE SATISFACTION OF ALL

See Medical Properties contained in the Dispensatory of the United States, of which the following is a correct copy:

"BUCHU. Its odor is strong, diffusive, and somewhat aromatic, its taste bitterish, and analogous to that of mint. It is given chiefly in complaints of the Urinary Organs, such as Gravel, Chronic Catarrh of the Bladder, morbid irritation of the Bladder and Urethr, diseases of the Prostrate, and Retention or the Incontinence of Urine, from a loss of tone in the parts concerned in its evacuation. It has also been recommended in Dyspepsia, Chronic Rheumatism, Cutaneous Affections, and Dropsy."

FOR FURTHER INFORMATION

see Professor Dewee's valuable works on the Practice of Physic.

See remarks made by the celebrated Dr. Physic, of Philadelphia.

See any and all Standard Works on Medicines.

[Dr. Keyser is a physician of over thirty years' experience, and a graduate of the Jefferson Medical College and of the University of Medicine and Surgery of Philadelphia.]

Mr. H. T. Helmbold:

Dear Sir:—In regard to the question asked me as to my opinion about BUCHU, I would say that I have used and sold the article in various forms for the past thirty years. I do not think there is any form or preparation of it I have not used or known to be used, in the various diseases where such inedicate agent would be indicated.

You are aware, as well as myself, that it has been extensively employed in the various diseases of the bladder and kidneys, and the reputation it has acquired, in my judgement, is warranted by the facts.

I have seen and used, as stated before, every form of BUCHU—the powdered leaves the simple decoction, tincture, fluid extracts; and I am not cognizant of any preparation of that plant at all equal to yours. Eighteen years experience ought, I think, to give me the right to judge of its merits, and with ut prejudice or partiality, I give yours precedence over all others.

I value your Buchu for its effects on patients. I have cured with it, and seen cured with it, more diseases of the bladder and kidneys than I have ever seen cured with any other proprietary compound of whatever name, or any other Buchu.

Respectfully yours, &c.,

GEO. H. KEYSER, M. D.,

140 Wood street, Pittsburg, Pa.

August 11, 1865.

Grover & Baker's

ELASTIC STITCH

FAMILY

SEWING MACHINES,

Are the best in Use,

FOR THE FOLLOWING REASONS

They are more simple and durable easier kept in order, make a stronger and more elastic stitch, a firmer and more beautiful seam than any other. They sew all fabrics from two common spools, require no re-winding of thread, fasten both ends of the seam by their own operation, and though every fifth stitch is cut the seam will not rip.

They Stitch, Hem, Fell, Cord, Bind, Tuck, Quilt, Gather, Braid, and Embroider. No other machine Embroiders, as well as Sews perfectly.

Grover & Baker's

NEW STYLES

SHUTTLE MACHINES

For Manufacturing,

Combine the most modern and essential improvements.

The attention is requested of Tailors, Manufacturers of Boots and Shoes, Carriage Trimming, Clothing, and all others requiring the use of the most effective

Lock Stitch Machines,

To these New Styles, which posses unmistakable advantages over all others.

MEDICAL.

PRIVATE Medical INSTITUTE,

Established by

DR. J. C. YOUNG, IN 1850,

For the cure of all Private Diseases and

ALL FEMALE COMPLAINTS.

Consulting Office,

536 WASHINGTON STREET,

SAN FRANCISCO,.....CALIFORNIA.

NO CURE, NO PAY.

Consultation by letter, or otherwise, FREE. For direction of letters, see below.

THIS CELEBRATED INSTITUTE

has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the no less renowned establishment of Ricord is to Paris, this Institute has become to the Pacific coast. The thousands annually received and cured place it in point of number of patients among the very first of the world, and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES and IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it; they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the world puny and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiotic, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venerial Poison. The mildest forms, by retreating to the blood, hold over the afflicted one, the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, doubles its dangers. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures

that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine, WHEN PERFECT CURES can be obtained by consulting a physician whom long practice and thorough investigation into the causes of DISEASES of the URINARY ORGANS enables to determine at once the nature of the disease.

In all cases entrusted to the Doctor's care, PERFECT, SPEEDY and PERMANENT

Cures are Always Guaranteed.

In syphilis and its adjuncts; Gonnorrhœa and its accompanying diseases; and all diseases of the Bladder, Kidneys, and prostate; Seminal Weakness; Diseases of the Heart and Lungs; Dyspepsia; Indigestion, Impotency; Incipient consumption, and all diseases of the urinary organs, in either sex, cure always warranted, or NO PAY REQUIRED, at the

Private Medical Institute,

No. 536 Washington street, San Francisco, Cal.

Seminal Weakness or Spermatorrhœa.

The young man who experiences that growing weakness in his muscular and mental organization, should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion unaccountable failing of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams, accompanied by growing deafness, loss of muscular power, and numerous other symptoms of disorganization, the positive traces of that most terrible and destructive of all diseases Seminal Weakness—wasting away his powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and loathsome grave. To him who finds his life dribbling out in the discharge of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.

Marriage, that holy office, the safeguard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that he one who looks to him for so much of her happiness, is a victim to this evil, and an innocent companion of his punishment. He adds to his misery and disorder until hope leaves him. There is no rescue except in proper and skillful treatment. Consult then, at once, a physician whom long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit, which fills thousands of sick-rooms with paralytics and consumptives, and hundreds of untimely graves with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself, giving to each and all assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the enquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to interpose, and beg the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation by letter or otherwise, FREE. See address below.

The Celebrated Female Remedies, compounded from the private prescription of Dr. Young, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimonials of their efficacy declare them to be pre-eminently superior in their action. No lady should be without these Renovating Agents. None genuine unless procured at this office.

Sent by Mail or Express, to any part of the State.

The Great Female Medicine! Preventive Powders for Married Ladies. New, Safe and Intallible, lasting from four to six months. Price, $10. French Lunar, or Female Monthly Pills, for suppressions. After fifty years of use these Pills stand unrivalled in efficacy. Price $5 per box.

MEDICAL.

FRENCH MEDICAL OFFICE

Dr. Julien Perrault, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptiste Society of San Francisco.

Dr. Perrault has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, up stairs, entrance either Montgomery or Sacramen streets.

Dr. Perrault's studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long after-ward; patients, laboring under this complaint, will complain of one or more of the following symptons: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Uretha on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writign or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo and that Sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, bness of the body. Some of the most common symptons are pimples in the face and aching in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. Perrault, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage Gonorrhea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

Dr. Perrault's diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfil our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures. Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.

Female Monthly Pills.

Dr. Perrault is the only agent in California for Dr. Biot's Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. Perrault, corner of Sacramento and Montgomery streets, Rooms 10 and 11, or Box 973, P. O., San Francisco, stating the case as minately as possible general habits of living, occupation, etc., etc.

All communications confidential je23-1y

PRIVATE MEDICAL AID.

QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S Private Medical and Surgical Institute,

Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office. Private entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Secrecy and all Disorders.

TO THE AFFLICTED.

Dr. W. K. Doherty returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhœa, Gleet, Strictures, Nocturnal and Diurnal emissions, Sexual Debility, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public patronage. By the practice of many years Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references of unquestionable veracity from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and implicit secrecy.

To Females.

When a female is in trouble, or afflicted with disease as weakness of the back and limbs, pain in the head, dimness of sight, loss of muscular power, palpitation of the heart, irritability, nervousnes extreme urinary difficulties, derangement of digestive functions, general debility, vaginitis, all diseases of the womb, hysteria, sterility and all other diseases peculiar to females, she should go or write at once to the celebrated female doctor, W. K. Doherty, at his Medical Institute, and consult him about her troubles and disease. The Doctor is effecting more cures than any other physician in the State of California. Let no false delicacy prevent you, but apply immediately and save yourself from painful sufferings and premature death. All Married Ladies whose delicate health or other circumstances prevent an increase in their families should write or call at Dr. W. K. Doherty's Medical Institute, and they will receive every possible relief and help. The Doctor's offices are so arranged that he can be consulted without fear of observation.

To Correspondents.

Patients residing in any part of the State, however distant, who may desire the opinion and advice of Dr. Doherty on their respective cases, and who think proper to submit a written statement of such, in preference to holding a personal interview, are respectfully assured that their communications will be held most sacred, Dr. Doherty takes this opportunity of observing, that all letters are opened only and replied to by himself, and the latter as promptly as possible.

If the case be fully and candidly described, personal communication will be unnecessary, as instructions for diet, regimen, and the general treatment of the case (including the remedies), will be forwarded without delay, and in such a manner as to convey no idea of the purport of the letter or parcel so transmitted. Consultation by letter or otherwise, FREE. Permanent cure guaranteed or no pay.

Address,

W. K. DOHERTY, M. D.,

San Francisco, California.

Spermatorrhœa.

Dr. Doherty has just published an important pamphlet embodying his own views and experiences in relation to Impotence or Virility, being a short treatise on Spermatorrhea or Seminal Weakness, Nervous and Physical Debility consequent on this affection, and other diseases of the Sexual Organs.

This little work contains information of the utmost value to all, whether married or single, and will be sent FREE by mail on receipt of six cents in postage stamps for return postage.

Address,

W. K. DOHERTY, M. D.,
